REMARKS

The figures of births and deaths shown in this statement for week ending the 21st December, 1957, relate to 177 towns with an estimated population of 26,157 thousands. Information about Andhra Pradesh, Assam, Bihar, Madras and West Bengal could not be included. The total number of towns is 319 and their population is 42,930 thousands. Thus 55% of the total number of towns representing 61% of the total population is covered in this statement. The

number of births and deaths recorded in these towns were 18,772 and 7,156 representing 37·3 and 14·2 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States :—
